Büyük Eker Bijon Sanayi ve Ticaret A.Ş.

www.ekerbijon.com.tr

CORPORATE

Büyük Eker Bijon Sanayi ve Ticaret A.Ş., carrying on its activities in Konya Organized Industrial Zone in two factories of 43 m² each, with a total area of 94.000m², started its business activities in 1984 in a small workshop of 45 m² with turning and levelling works. Eker started to produce wheel bolts and nuts in 1989, continued its development and acquired a corporate structure in 1994. By the end of 1998, Eker Bijon had a rapid growth trend with the foundry which it incorporated in the organization, integrated into the production program the brake drums and brake discs for heavy vehicles and commercial vehicles;. Eker Bijon, which is a world's leading brand, has been among the most reliable and preferred companies in the domestic and international markets in the automotive industry with the production of drum, disc, Wheel bolt and nut, brake adjuster, air springs, brake caliper parts and built its management policy accordingly.

We proudly service to our customers with quality that we had ISO 9001:2015 and IATF 16949. Systems Certificates as of the last quarter of 2012 Eker Bijon, exporting to nearly 100 countries on 7 continents, is proud of being a renown and preferred brand by earning international customer loyalty with the "Eker Brand" built in the minds of its customers by giving respect to the environment and society, added value to the country and world economy.

In 2012, Eker Bijon established Ekdöksan Casting Facilities with a total area of 81 m² in KOS Industrial Zone at Büyük Kayacak Quarter, in order to provide the best solution to the requirements in the industry. Ekdöksan is carrying out its operations with the latest technology machines available on site in order to provide the best quality to its customers and not to compromise on the world standards.

Ekdöksan Casting Plant, based on occupational safety, never risks the health and safety of its employees through the measures taken. The Ekdöksan considering the team contained in itself, as a part of the family, will continue to grow day by day.

Aware of its responsibility for the nature, Ekdöksan shows its respect for nature by following environmental policies. Ekdöksan, which was established with highest care on environmentalist attitude, has become the leading and reference brand of the industry in the name of being environmentally friendly.

Ekdöksan, which combines R & D activities and on-site technology with the help of its expert staff, has become a big brand with the steps taken on its way of institutionalization.

Ekdöksan provides service to its customers through integrated casting facilities equipped with quality control units together with the understanding of "high quality and reliable product ". Directing today's casting technology, Ekdöksan will continue its investments and will always be the first choice of its customers.

Büyük Eker Bijon Sanayi ve Ticaret A.Ş.

• QUALITY POLICY

Büyük Eker Bıjon San. ve Tic. A.S. made a principle to take place the most reliable and preferable company in either domestic or foreign market relating manufacturing and automatic slack adjuster and air spring, and its management policy is established so as to achieve this aim.

To move the company to indispensable manufacturer status by providing confidence to its customers with its quality products.

By increasing development & improvement activity, and following latest production technology, to serve our customers, and supply quality products as a step ahead of our competitors.

To be able to satisfy all our workers, to provide favorable working conditions as for occupational health and labor safety, to do manufacturing by respecting environment conditions.

To achieve our targets, to collaborate with our customers, to continue our activities by carrying out continuous improvement of technical & social culture of our workers, principled, quality, innovative, honest and achievement-oriented approach, is essential of our quality policy.

• MARKETING

Eker conveys its products to every point in domestic market with marketing specialist. Buyuk Eker Bijon visits its customers with its own personals and wholesellers in the regions of Aegean, Mediterrenean, Black Sea and Southeastern Anatolia and introduces the products in the customer's offices. Konya and Middle Anatolian Region marketing activities are carried out by the Center Marketing Department inside the factory. Eker secures warm relationships with customers by dinamic feedback after sales.

Foreign Trade Politics are formed to reach the same domination of domestic market in foreign market by the experiment of more than 20 years. We beleive in that, it is not important speed you go, the most important thing is never to stop.

Eker, conveys its products to every point in domestic market and foreign market with marketing specialist. Eker, visits customers with it's own export executives and wholesellers in the regions of Europe, Africa, Middle East, America, Russia, Asia and introduce new products and take note for all feedbacks from customers in their offices. Eker, shares all experiences with customers and give technical support after sales. Eker secures warm relationships with customers by dinamic feedback after sales.

Eker, has 36 years production and marketing experience. We serve to market since 1984 and our aim never changes since beginnig. Quality is our priority! We believe in that, it is not important speed you go, the most important thing is never to stop.

• PRODUCTS

Eker who manufactures wheel nuts, bolts, washers, brake drums, brake discs, automatic and manual slack adjusters, flywheel and suspension air springs for heavy duty commercial vehicles, sells other brake equipments by the certain quality standards. Eker is the leading of the automotive sector with product variety, service, marketing network and quality. Eker's target is to be well-known manufacturer in foreign market in a short time. Eker has a substructure, trade experiment and enough education to achieve the target.

As well as European origin trucks, buses and trailers spare parts like Mercedes-Benz, Man, Volvo, Scania, Daf, Iveco, Renault, BPW, SAF and FRUEAHUF, spare parts for eastern origin trucks like MITSUBISHI, HINO are manufactured under the license of ISO 9001:2015 and IATF 16949 certificate.

TECHNOLOGY

With new investments, Eker has increased its production capacity by 5 times, and by this production capacity, our company has become one of the biggest manufacturer in Turkey and Europe. Eker which has reached today will improve itself better by the support of the customers who trust them.
